Subject: Splitting Sheboygan County - ozone nonattainment

Hi Aaron,

Following up on last week's update, I found out a bit more about the status of splitting Sheboygan County to help deal their ozone nonattainment situation.

Deliberative Process / Ex. 5

I'll check back with the program about the issue in a few weeks. In the meantime, please let me know if you have any questions.

Karen.

Hi Aaron,

Brief update on the current status of splitting Sheboygan County, which is currently an ozone nonattainment area --

The issue is working its way through the OAR chain

Deliberative Process / Ex. 5

Deliberative Process / Ex. 5

 I expect to get more information about this work late next week and will provide additional details then. If you need something sooner, please let me know.

Thanks,

Karen.

Importance: High

Hi, Here is what I learned about this issue:

The issue has to do with an ozone monitor in nonattainment on the shore of Lake Michigan in Sheboygan County. The state is asking to split the county into two areas given the lower ozone levels from the second, inland monitor. The R5 air program is working with OAQPS on the issue.

Region 5's CMS search returned only one control regarding this issue. This control (AL-17-000-5406) is from Sen. Johnson and Cong. Grothman. CMS did not return any controls from Gov. Walker on this issue. However, they only searched for controls from late 2016 to the present.

I do not know why I did not find this letter when I did a CMS search but am glad R5 did. As you can see, we did send a response to Rep. Grothman.

Pat
